

YOU'VE GOT TALENT!

Dear 5th Grade Student,

We all have many talents and gifts that make us unique and special and these talents are not usually noticed and/or celebrated very often. These talents range from sports to drawing to playing instruments and the list goes on and on. Our 5th grade class is going to take time during the first week of school to hear about a talent shared by each one of our classmates and celebrate you and your gift. Please start thinking about what talent you want to share with the class and come ready to share all about it (see list below for what day you will share). You may talk about your talent, demonstrate your talent, bring in an object or picture of your talent, or do all the above. I also will be sharing my talent.

I can't wait to see what your talent will be as well as celebrate with you!
