

Homework: Biography Presentation

We have been reading many biographies over the past month from the **Who Was/Who Is** chapter book series. Hopefully your child has come home and shared what they've learned about a person in history. We've discussed how the time period affected the person's life and are excited to share what we have learned.

Your child will be presenting their research of

Here is how you can help:

1. Help your child brainstorm how to dress up as their person.
2. If dressing up seems to be a challenge, decide how your child will make a living poster (see examples below).
3. Practice presenting some information they learned. (See guidelines of presentation on back)

We will have our biography museum on Tuesday, June 4 from 1:30-2:15pm.

The goal is to teach others about this person. Your child has read about this person in history and has collected information about them. They have completed a writing piece and now will add a visual to go along with it.

Thank you for your support,
Your Third Grade Team

Examples of a living poster:

Biography Speech Information Sentence Starters

I am....

I was born on...

I'm most famous for...

In my childhood...

Later in life, I.....

I died on.....

-or-

I'm now....
